Visualization Pipeline Google Maps Traffic

```
┌─────────────────────┐   ┌─────────────────────┐
│  data bases traffic │   │ realtime data traffic│
└─────────────────────┘   └─────────────────────┘
```

data bases traffic   **realtime data traffic**

data acquisition   ◄──   **User interaction**

filtering/processing:
Time,
Clipping to area,
Interpolation/approximation,
Classification to Traffic density

mapping:
Traffic data to the map with classification

rendering:
Street lines in the corresponding color
